

Parking Pass and Towing Guidelines

No Pass, vehicle in the way
and cannot be worked around* = TOW**

No Pass and vehicle in no
parking zone but can be
worked around* for a day = Strata Rep will leave note on vehicle with
deadline for relocation. If deadline is not met –
TOW.**

Pass, Vehicle in no parking
zone = If it can wait a few hours: Strata Rep will phone
offender (if number on pass) AND leave note at
unit door with deadline for vehicle relocation. If
deadline for moving vehicle is not met – TOW.

If relocation can't wait*: TOW** and contact
vehicle owner to notify.

No pass,
vehicle parked correctly* = Strata Rep will take note of license plate # and
vehicle type. Rep will leave note on vehicle
windshield stating that their vehicle plate # has
been recorded, and that a second offence will
result in towing. Include information in note re:
towing costs, and on how to obtain both owner
and temporary passes. Database of offender
license plate numbers will be kept by Strata
Rep.

*When lots are at capacity, we may have to
tow right away, particularly out of the Henry
lots. During peak times, vehicles displaying
parking passes from other strata/buildings will
be towed.

****All towing from Strata 799 lots will be at
the Strata Rep's discretion.**

*Snow removal contractor will decide if vehicle can be worked around.
